Seton Hall University School of Law

Tulane University

BAR ADMISSIONS

Florida

Associate

Brad Jankowski

Whether owning rescue dogs, being on the Board of Habitat for Humanity, or supporting the fight against breast cancer, Brad brings an uncommon level of compassion and enthusiasm to our firm. Brad has broad experience in corporate and real estate matters, estate planning, and a thirst for tackling legal issues in the nonprofit arena. Brad also has financial expertise from his years in the banking industry.

Small and mid-sized businesses, corporations and limited-liability companies are a major part of Brad's focus. "They need our services from setting up business, business transactions, business planning and more," says Brad.

Six years at JPMorgan Chase Bank, N.A. in Palm Beach gives Brad a broad knowledge of investments, trust services and financial planning.

During law school, Brad lived in Spain for a while. Why? Because he wanted to learn Spanish and believed that living abroad would help him learn to speak the language fluently. Brad also is a competitive tennis player.
